

Finalit No. 39

Compact

- removes wax, coatings, dirt / stains (also on carpet)
- cleaner for joints
- slight protection / impregnation
- express care

- special cleaner, pH-value: 6-7 (neutral)
- dilutable with water up to 1:20
- 1L cleans up to 80m², depending on the degree of soiling

1) The product – Finalit No. 39 Compact

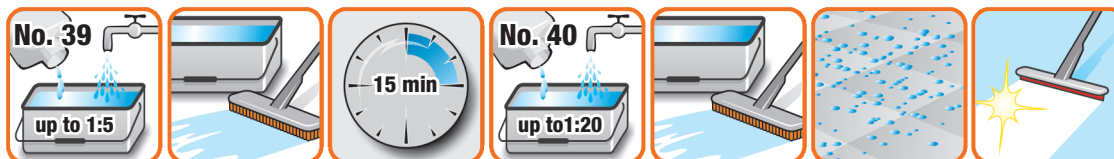

a) Materials

Finalit No. 39 Compact is suitable for all natural and artificial stones, tiles, etc. as well as for wood, furniture, plastic and carpets.

BEFORE STARTING TO WORK

- Take pictures of damages caused by daily cleaning and use of the premises, starting at the door, running clockwise.
- The bottom of wooden pieces of furniture (e.g. door frames) must be siliconed with transparent silicone, otherwise it may be damaged by water or detergent. Use special acid-resistant plastic tapes that do not cause adhesive residues!
- Already existing coatings have to be removed completely with Finalit No. 5 Coating Remover or with a low-odor mixture of Finalit No. 1 Intensive Cleaner, No. 5 Coating Remover and No. 39 Compact (1:1:1) before working on the stain removal. Otherwise the cleaners cannot work effectively! Sometimes coatings are not visible. Perform tests with a) a blade („scrape“) or b) spill water - if the water drips off, the surface is coated.
- Switch off floor heating systems!

b) Application

IMPORTANT NOTE: In order to remove existing coatings (e.g. wax coatings used as protection for tiles), dilute the product max. 1:5 with water, for regular cleaning procedures dilute the product max. 1:20 with water.

- depending on the intended use: dilute Finalit No. 39 Compact up to 1:20 with water
- apply, rub in with a brown pad, let set for 5-10 minutes
- rinse thoroughly with water
- clean surface with Finalit No. 40 Citrus Scent Cleaner, diluted with water 1:40
- use cautiously on coated metals or plastic fittings - preceeding test recommended

Recommendation for daily care:

Finalit No. 40 Citrus Scent Cleaner – pH neutral, suitable for all surfaces!

2) Pro tips for Finalit No. 39 Compact

a) Cleaning dirty joints

For cleaning dirty joints we recommend a dilution of Finalit No. 39 Compact of max. 1:5 with water.

b) Cleaning and protection of carpets

Finalit No. 39 Compact is an excellent carpet cleaner. Dilute the product 1:20 with water, apply and rub the product in manually with a rough plastic brush or a single disc machine with a soft plastic carpet brush. Afterwards treat the carpet with a wet vacuum cleaner.

NOTE: Some vacuum cleaner can be used as wet

c) Cleaning and protection of furniture

Finalit No. 39 Compact is an excellent cleaner for furniture. Dilute the product 1:20 with water, spray it onto the surface and rub it in by using a cloth, let dry thoroughly.

Finalit No. 39 Compact is a slight impregnation. Treated surfaces are given a silky gloss and a light protection from stains.

3) Specification

Appearance	Fluid, colorless
pH value	6-7
Packaging	0,25l, 1l, 5l Plastic container
Storage	Protect from frost. Recommended shelf life: 1 year after opening.

4) Security regulations

The common precautions when handling chemicals must be observed. Ensure good ventilation/extraction at the workplace. Prevent formation of aerosols. Keep away from food, beverages and animal feed. Remove soiled and contaminated clothing immediately. Wash your hands before breaks and when work is finished. Avoid any contact with eyes and skin.

5) Note

This product information is based on careful laboratory tests and extensive practical experience. These are informal details. We recommend to determine whether the product meets the respective needs by sufficient testing. Our company shall not be held responsible for damages resulting from improper use of the product.
